- Fast 8-12 hours prior to screening.
- Drink plenty of water prior to screening!
- Black coffee is allowed while fasting.
- Please take maintenance prescriptions that don't require food including blood pressure medications.
- Hands should be warm & clean.
- If you're wearing lotion, wash hands prior to screening.

# *Schedule of Wellness Events*

## ***Water You Waiting For? Challenge (8/19 - 9/29)***

This challenge was created to help make staying hydrated a little bit easier for you! It's designed to help you make a daily habit of drinking enough water by challenging you to drink at least 64 oz (8 cups) each day for 6 weeks. Each week, we'll share tips & tricks to make drinking water a habit as well as the major health benefits to staying adequately hydrated! Those that meet the water goal will be entered into a prize drawing!

---

## ***Shoot for the Moon Step Challenge (10/28 - 11/24)***

The moon is roughly 238,855 miles away from Earth. To put this into perspective, NASA says, "30 Earth-sized planets could fit between Earth and the moon." Be ambitious: shoot for the moon with this target step challenge and achieve a 238,855 step goal in 4 weeks. Earn points to be awarded entries into prize drawings!

---

## ***Winter Well-Being Challenge (1/27 - 2/23)***

During the winter season, it's common to see our energy and mood change. Such feelings can start to interfere with your sleep, nutrition and overall behavioral patterns. This challenge is set up in a bingo format with daily tasks to help you combat the "winter blues." Prize drawings will be held for those who complete most of the tasks!

---

## ***Spring into Fitness Team Step Challenge (4/7 - 5/11)***

Join us as we "Spring into Fitness" for 5 weeks! Each week, teams will compete to see who can get the highest average steps. A leaderboard will be shared weekly. The team with the most steps at the very end win a prize!

---

## ***Mobile Mammography Services On-site***

Don't {spring} break on your mammogram! Dates & times TBD.

# Personalized Health Coaching

**What is health coaching?** Health coaching is a process that facilitates healthy, sustainable lifestyle changes by challenging you to identify your wants and needs and transform those goals into action. A health coaching appointment or series of appointments can focus on a variety of topics: nutrition education, weight management, heart disease, diabetes, digestion, stress reduction and so much more!

Tackling everything on your own is a lot. It is often overwhelming to the point that it's easier to stay where we are. Health Coaching is a process that is facilitated in a specific way so you can be different, without having to think about being different. Lifestyle changes do not happen because of a lack of information, they don't happen due to lack of support. Health coaching can be that support!

## **TOPICS CAN INCLUDE (BUT NOT LIMITED TO):**

- Nutrition Education
- Weight Management
- Meal Planning
- Exercise
- Stress Reduction
- Sleep
- Hydration
- Heart Health
- Diabetes
- Other disease-specific nutrition education (GI disorders, CKD, intolerances, etc.)

*Ascension St. Vincent Tri State Clinics provides the personalized one-on-one health coaching service at no additional cost to you!*

## **GET IN-TOUCH TO SCHEDULE A SESSION:**

Call or email us with your interest and we'll set you up with a health coach that would best fit your needs!

# *What is*

## **Ascension St. Vincent Tri State Clinics?**

Ascension St. Vincent Tri State Clinic is a service that delivers convenient high-quality primary care directly to our employees and dependent family members who are age 2 or older.

Services include preventive and wellness-focused primary care services, care for sudden onset illnesses, chronic condition management such as high blood pressure, diabetes, high cholesterol, anxiety/depression, and allergies. Some labs and medications are also available.

## **What Can I Expect?**

- Convenient access to online or phone scheduling
- Appointments are required. However, there are often same day/next day appointments available.
- Minimal wait times
- Convenient locations and a variety of hours of availability
- Clinic visits, a limited number of lab tests, & limited prescriptions are provided at no cost in the clinic.
- At your request, all medical records including lab tests can be sent to your personal physician or specialist.
- Initial office visits to establish care should be scheduled for 40 minutes.
- Follow-up & illness appointments will take 20 minutes.
- The clinic offers you a 24/7 Patient Support Line to reach a nurse or medical provider to assist you with your needs outside clinic hours.
- All services you receive are confidential.

## **Who is Eligible?**

- All employees are eligible for the clinic.
- All spouses and dependents who are on the MSD North Posey insurance are eligible for the clinic.
- We provide Ascension a list of eligible employees and their dependent family members as well as designated retirees who are eligible to receive services. When you check in for each visit, the clinic staff will verify your eligibility. Please bring a photo ID.

## **Is There a Cost?**

- Access to the Ascension St. Vincent Tri State Clinic is provided to you for no out-of-pocket cost.
- If you are referred to another provider, lab or pharmacy outside of the clinic, your normal health benefits will apply and there may be a deductible, co-pay or other out of pocket cost.

## Where and When Can I Access the Clinic?

### *Clinic Hours & Locations*

Mt. Vernon, IN 47620

## **Can I get My Prescriptions at the Clinic?**

- Clinic medications prescribed by the clinic provider, in the clinic formulary, and available at the time of your visit will be provided at your visit.
- Prescriptions will be written by the provider for medications not on the clinic formulary or available at the time of your visit. You will receive your medications from the provider whenever possible.
- The clinic does not fill prescriptions written by an outside provider. A visit and evaluation with the clinic provider is required before any medication needs are considered.

## **What Medications are Available?**

Although you may not see your exact medication on your clinic's formulary, there is likely something that is similar that could also treat your medical condition. Please call the clinic to make an appointment with a provider.

## **Common Medication Classifications to Treat Conditions Included But Not Limited to:**

- Anti-Inflammatory
- Anxiety/Depression
- Antidiabetic
- Hypertension
- Antibiotics
- Allergy
- GERD

## **Medication Refill Process**

In order to best serve all patients, we request that you do not stop in the clinic for a refill without a scheduled appointment. Patients needing a refill must schedule an appointment at least 24 hours prior by going online or calling our Patient Support Team at **1-888-492-8722**.

When making an appointment, please list which medication(s) you need refilled. You must schedule an appointment with your provider every 6 months for ongoing conditions that require medication management.
